

## CNC Programming & Operation Certificate Program

*Delivered by Cleveland Industrial Training Center (CITC)*

The CNC Programming and Operation/Machine Tools program prepares individuals for a career in the manufacturing industry. The program helps to meet the demand for Computer Numerical Controls (CNC) operators. Students have the opportunity to earn industry recognized credential upon completion. Graduates will be able to perform basic machine setup, including mounting and setting tools, conduct production runs, adjust offsets and complete records. Program includes lecture and hands-on instructional delivery in a real operating facility.

**Ohio Average Yearly Pay:** \$31,360 to \$55,430. (Source: OhioMeansJobs.com)
